

CARING FOR THE WHOLE COMMUNITY

On May 16, 2016, the Portland City Council approved the FY17 municipal budget which includes the transition of the Ryan White HIV services and programs from India Street to Greater Portland Health by January 1, 2017.

Greater Portland Health is the new name for the Portland Community Health Center, a remarkable medical practice committed to serving everyone in our community.

Our *mission* is to provide high quality patient-centered healthcare that is accessible, affordable and culturally sensitive.

We are proud to be a designated Federally Qualified Health Center. We are a nonprofit corporation governed by a patient-majority Board of Directors.

Greater Portland Health offers everyone in our community—regardless of insurance—a full range of primary care and specialty services. Our excellent doctors, nurse practitioners, nurses, social workers, and other care team members look forward to being partners in your health care. We take the time to know you as a whole person, physically and emotionally.

If you are interested in learning more about the services and programs that we offer, please contact Elizabeth Jackson, Chief Quality Officer via phone (207-874-2141 x5302) or email (ejackson@greaterportlandhealth.org). She will be happy to arrange individual tours and/or meetings. We look forward to the opportunity to meet and talk with you!
